FTP SOLID LAN CABLE 305 m

PURE COPPER

Use

Data transmission, patch, structured cabling systems

Main characteristics

- Copper internal conductors
- Box in cardboard
- Extraction System Cable plastic siliconed
- Cable length 305 m

Italian DESIGN

REFURBISHED COMPONENTS

RoHS COMPLIANT

CE

Technical Specifications

Model	FTP SOLID LAN CABLE 305 m
Product code	**FCA16592**
Category	Cat. 5E FTP
Certification category	Yes (Test Fluke Pass)
Inner conductors	4x2 (4 couples) - Rigid in copper
Conductor cross section	23 AWG
Isolation single conductors	Polyethylene
Connection system	EIA/TIA 568 A e B
Shielding	Aluminium
Isolation shield	Polyester tape
Outer sheath	PVC
Cable length	305 m
Cable color	Gray
Reference metric progressive	Yes
Warranty	
Standard	24 months
